

And now, a brief word about
our new Bible study...

JOY

Something amazing happens when we shift focus from ourselves to Jesus. We learn to love others. We discover purpose. We find joy in any circumstance. Like the apostle Paul who wrote a letter of encouragement—from a Roman prison cell. This new eight-session Bible study examines Paul's ancient words to the church at Philippi, which continue to inspire believers today. Join us to discover the unexpected joy in humility, obedience, generosity, and everything that comes with living for Christ.
