

Bible study. Simplified.

The new *Storyteller* series makes Bible study beautifully simple. Each page invites you in to the story revealed in the biblical text, the larger story of Scripture it's connected to, and how you have been invited to participate in that story yourself. Here's what you'll find in *Storyteller*:

- Six-session studies
- Five short daily readings each week
- Scripture included
- Insightful commentary to provide context and clarity
- Follow-up questions to help you reflect on what you've read
- Additional questions to inspire discussion when you meet with a group
