

Ten ways to become the man God wants you to be.

For many years, Pastor Josh Smith has used teaching from the book of Titus to lead men's groups to a clearer understanding of biblical manhood. This study is the blueprint for that process. Through 10 sessions, you will expand your understanding of the gospel and your identity in Christ, develop godly character, and learn how to serve God with purpose and passion. Join us and learn how to become the kind of man God desires to use in your family, your church, and the world.
