

# Mom + Daughter Guide

## HEY MOM!

We are so excited that you have decided to complete this study with your daughter. As Kristi McLelland gives you a historical and cultural lens to use as you walk through the book of Acts, you will find an invitation for both you and your daughter to be agents of restoration in a world of brokenness. What a special opportunity you have to partner with your daughter for the sake of the kingdom of God.

## YOU WILL NEED

*Gospel on the Ground: Women's Bible Study Book* for yourself

*Gospel on the Ground: Teen Girl Bible Study Book* for your daughter(s)

*Gospel on the Ground: Teen Girl Video Sessions* (additional purchase)

## HOW TO UTILIZE YOUR MATERIALS TOGETHER

---

### WATCH

Watch the weekly video with your daughter.

Utilize the questions found in *The Feast* at the beginning of each week's Group Time section located in the teen girl Bible study book.

A note about the video content: When studying together, you are welcome to watch the teen girls' or women's videos. The same content is covered in both versions, but the women's videos are approximately 50 minutes with a short discussion time. That is a great option for the teen girl who would rather watch than discuss. The teen videos would be better if you both want to spend time going deeper in Scripture and discussing the content together.

Please note that the fill-in-the-blanks found in the teen Bible study book are based on the teen videos. Those answers can be found in the leader guide on page 185.

## STUDY

As you both work through your individual Bible study books, you will discover that the teen girls' version might be slightly different as we altered some language and content to be more applicable for teen girls. However, there are very few differences in the studies and we encourage you to discuss what the Lord is teaching you individually.

## CONNECT WITH HER

---

Plan days to work on personal study together to keep each other accountable.

Be open with your daughter throughout the week about things you learn or have questions about. Provide a safe place for her to do the same.

Don't stress! Some weeks will be easier than others to accomplish the personal study days. Just keep pressing forward and making it a priority to meet together each week regardless of how much personal study work was actually done.
