

Hey Parents!

We are so excited that you have decided to lead your teen son or daughter through this life-changing study! We realize that the title Experiencing God is quite a bold statement. But this study is over 30 years old and has helped millions of people around the world know how to experience God and have an authentic and thriving relationship with Him. You may have even participated in this Bible study yourself in the past. If you have, you know how impactful it is. We just wanted to provide some tools to help you as you walk through this journey together with your teen.

For This Study You Will Need:

- 🔥 Experiencing God teen study book for yourself.
- 🔥 Experiencing God teen study book for your teen.
- 🔥 Experiencing God video sessions (for purchase or rent at lifeway.com/experiencinggod)

How To Utilize Your Materials Together:

NOTICE

There are tips on how to lead teens through a small group Bible study on pages 6-7 in the Experiencing God teen Bible study book. These tips are helpful for you as you lead but also for your teen as he or she participates in the study.

WATCH

- 🔥 Watch the weekly video with your teen.
- 🔥 Utilize the questions found under the Discuss and Going Deeper sections of each week's Group Discussion located in the Experiencing God teen Bible study book.
- 🔥 The Leader Guide beginning on page 168 could also be a helpful tool for you as you lead your daughter each week.

A note about the video content: These videos are intended to speak directly to your teen and the station of life they are in currently. As you know, no two teens are alike, so the intention of the video is to be able to connect with students no matter where they are in their relationship with God. Some might come from a place of skepticism. Others from a place of an already growing and deepening faith. Steer your discussion to where your teen is in his or her walk with the Lord. Trust God and listen for His voice. He will give you discernment as you lead.

Don't Forget to Pray

STUDY

Work through your individual Experiencing God Bible study books throughout the week. It will be unproductive to lead this study without doing the four days of personal study. Don't nag, but gently encourage your teen to stay on track. We realize their lives are busy and many teens are way too overcommitted to things, but this study is best when students work through it daily and are not cramming multiple days together just to get it done.

CONNECT

- 🔥 Plan time each day to work on personal study to keep each other accountable.
- 🔥 Be open with your teen throughout the week about things you learn or have questions about. Provide a safe place for him or her to do the same.
- 🔥 Don't stress! Make a plan and follow through. If you need to go at your own pace that's fine. Just don't give up if the road gets rough. The destination is worth the journey!
